

Outstanding team.
Outstanding care.
Outstanding
patient satisfaction.

Proud to be a **top 5%** hospital in
patient satisfaction!

At New England Rehabilitation Hospital, our patients come first,
and we are thrilled they put us at the top, too.

Press Ganey, the national, independent firm recognized as the industry leader in patient satisfaction surveys, ranked us in the top 5% of rehabilitation hospitals in patient satisfaction.

We help patients get back to their best through:

- The region's most Advanced Rehabilitation Technology
- Short-term Intensive Rehabilitation (3 hours/day, 5 days/week) to help promote faster, more effective recoveries
- Specialized Care for patients who also need help managing medical conditions
- Wellness Programs, Family Support Groups, and Classes

For over 40 years, New England Rehabilitation has been the only Massachusetts-based acute rehabilitation hospital system north of Boston. We strive to be the best, listening to our patients and achieving the outcomes they have come to expect.
